Music BINGO - Take your time and see if you can finish one line this week. Finish **one line** this week to earn **one star!** Finish **two lines** to earn **two stars!** **BLACKOUT** = **five stars!**

B	I	N	G	O
Sing a song in front of a mirror. Are you standing up straight? Is your held head high? Are you smiling?	Teach a song that you know to someone in your house.	Find some objects in your room to make drums, and play along to a song with them. (Be careful; don't break anything.)	Make your own instrument out of recycling, and play this rhythm. 	Find all the musical instruments in your house. How many are there? Do you know what they are called?
Play an instrument outside!	Listen to a whole album by a musician or band. Can you find a sad song, happy song, and/or a calm song?	Memorize the words to a whole song.	Teach someone what the words crescendo and decrescendo mean.	Say this rhythm in a low voice, a middle voice, and a high voice. 
Listen to a song and draw a picture.	Play this rhythm on the floor of 4 rooms in your house. 	<b>Free Space</b>  <b>Do something nice for someone!</b>	Design your own instrument on paper. Does it make sound when you blow into it, hit it, shake it, or strum it?	Listen to music and draw a picture.
Ask someone in your family about their favourite musician or band. Listen to 3 songs by them.	Perform a song for your pet or stuffed animal.	Clap this rhythm in 4 rooms of your house. 	Listen to music and draw a picture.	Name an instrument that starts with each letter of the alphabet. How many can you find?
Play this rhythm on 4 tables (or chairs) in your house. 	Listen to a song and draw a picture.	Rhyme 3 words with "sun". Make up a song (or a rap) with those words and perform it.	Listen to a jazz song, a rock song, a country song, and a classical song.	Find a song about an animal. Listen to it and imagine that animal.

**How many stars did you get?** If you have any questions (or if you just want to say "Hi!"), you can email me at [Grant.Hartwick@yesnet.yk.ca](mailto:Grant.Hartwick@yesnet.yk.ca)
